
Massachusetts

Registration Status: Partial Certification

Effective Date:

Exemptions:

ASBOG® Membership: No

Update: Massachusetts maintains a licensing program for environmental professionals who oversee assessments and cleanups in the waste site cleanup program, which addresses soil and groundwater contamination at non-Superfund sites in the Commonwealth. Some of these environmental professionals happen to be geologists, but many others are environmental, chemical or civil engineers; chemists; environmental scientists; risk assessors, and from other associated disciplines.

State Contact:
